BIG SANDY

Aut inveniam viam, aut faciam.

LOUISA, LAWRENCE COUNTY, KENTUCKY, OCTOBER 2, 1914.

THE COUNTY FAIR IS IN FULL SWING.

Fine Exhibits, Large Crowds, Splendid
Weather. Makes Successful
Meeting.

On Wednesday of this week the
Lawrence County Fair started auspici-
ously. People came in from all direc-
tions bringing exhibits that would look
good at a State fair.

The entries were satisfactory in
most all lines.

The display made by the women is
especially fine. It could hardly be sur-
passed anywhere. The local building
is being used for that purpose exclu-
sively. It will pay you to call there.

The live stock display contains some
animals that are a revelation to many
people, and should be an inspiration to
all farmers to get a better grade of
stock.

The agricultural products show that
we can grow just as good fruit, vege-
tables, grasses and corn as any section
of country.

The schools of the county will make
a display of their work on Friday. It
promises to be a most creditable ex-
hibit.

The races every afternoon are at-
tracting considerable attention and
furnishing entertainment for a lot of
people.

The weather is fine and the crowd is
large. We will give a more detailed
account of the fair next week.

EVERETTE THOMPSON AND MISS VIRGIE HALE MARRIED.

Mr. Everette S. Thompson and Miss
Virginia Hale were married last Fri-
day evening at the M. E. Church in
Louisville. It was a secret wedding and
only Miss Eleanor Meloy and the
bride's sister, Miss Marie Hale,
were present. The ceremony was per-
formed by Rev. Howard Trent, the
pastor. The marriage took place short-
ly after the adjournment of choir prac-
tice.

It is said the couple will go to house-
keeping soon.

The bride is a handsome daughter
of Mr. and Mrs. M. F. Hale. She is
at the M. E. Church and a
member of the Louisville Graded School.
Thompson is a carrier on rural
No. 1 out of Louisville. He formerly
taught school and is an exemplary
man.

The couple went to the home of Mr.
and Mrs. Hale, at Louisville, this
on Saturday and returned here
evening.

ASHLAND MAN HAS HARD TIME IN LEAVING FRANCE.

Ashland, Ky., Sept. 29. Louis Du-
val, proprietor of the Florence Hotel,
who went to France before the
war broke out, reached home Monday
morning. He was near Nancy with
relatives, and though he was past the
age for enlisting, it was hard for him
to get out of France. However, he got
in with some soldiers he knew and
they were going to Havre to be im-
ported and they smuggled him
through. When at Havre he took the
steamer Chicago and was ten days in
reaching New York. He did not wit-
ness any battle, but viewed the battle-
field between Nancy and Strasbourg
after a hard fight, and said that was
all the war he wanted, as he could not
step ten feet without tramping over the
dead and wounded. He traveled in a
box car from Nancy to Havre and
came second class on the steamer,
the steamer trip costing him \$70. He is
delighted to reach America and will
return soon to his native soil,
France.

Things Being Done in the Oil Fields.

New Gas Well in Lawrence County Shows Strong Production.

One and a half million cubic feet per
day is the estimated flow of gas from
the new well just drilled by Watson,
Holt and others at Cherokee, this
county. The company has a definite
use for this gas, it is said, in connec-
tion with an enterprise in which they
are interested. They will probably drill
another well in the same territory soon.
Gas is being found near East Lynn,
W. Va., and that enterprising little
town is preparing to put some of it to
use for fuel and lights this fall.

Parkersburg, W. Va., Sept. 23. Be-
tween four and five hundred oil and
gas producers of this state are ex-
pected to be here next Tuesday, Sept. 28th,
to attend a meeting to be held for the
purpose of forming the West Virginia
Oil and Gas Producers' Association.
This body, which is to be modeled upon
a similar independent organization in
the state of Oklahoma, is to be or-
ganized in order to better fight the
action of the independent oil and gas
producers, particularly during such
stormy times as have lately existed.
Among the men of national reputa-
tion who are to be here to address the
meeting are Senator Thomas P. Gore,
of Oklahoma, and Senator Chilton.

BOTH LEGS CUT OFF BY A SWITCH ENGINE.

Arthur Hutton, 20 years old, was run
over by a Big Four switch engine at
Chuy and Washington streets, Louis-
ville, at 8 o'clock last night and both
legs were cut off. He was taken to the
city hospital. He displayed remark-
able composure and told how the ac-
cident occurred.
"I was walking along the truck wait-
ing to catch a freight train to go to
Ashland, Ky.," said Hutton. "From
there I was going to my home at Ne-
ola, W. Va. I didn't hear an engine ap-
proaching from behind and it struck
me. The crew saw me, stopped the
engine and sent for an ambulance. I
have been in Kentucky three weeks
looking for work on the railroads. I
reached Louisville at noon today. My
mother and father, Mr. and Mrs. H. H.
Hutton, live at Neola. I also have two
brothers at home."—Courier-Journal.

BURGLARS AGAIN AT GRAYSON.

Grayson, Ky., Sept. 26.—Burglars en-
tered the country store of Christopher
Rupert, located one mile north of
Grayson, and took clothing, hoots and
shoes and dry goods to the amount of
\$100. Two suits of old clothing were
left in the store and two new suits
taken. There have been seven such
robberies in the last three weeks with
no clue.

WORK STARTS ON THE NEW BRIDGE.

C. & O. Orders New Structure Built at
Three Mile. Spanning Big
Sandy River.

The new bridge across the Levisa
fork of Big Sandy river, three miles
south of Louisa, will be built by the
C. & O. railway in the shortest possi-
ble time. The contract has been let to
the Virginia Concrete Company, com-
posed chiefly of the Boxleys, well
known contractors.

Part of the plant is already on the
ground and some of the men are here.
Bids were received on this work a year
ago or more, and the Langhorns were
lowest. It seems that they had an
agreement to sublet the pier to the
Louisiana Concrete Company, composed
of J. H. Preston and C. B. Crutcher.
Last week these gentlemen sold out
their rights to the Virginia Concrete
Company. After the bids were received
the C. & O. held up the matter until
the first of last week, when they rather
suddenly made a hurry call for the
work to be started. The bridge is to
be completed within seven months, if
possible, and with this object in view
the contractors will, it is said, work
both night and day. The pier on the
west side will be completed first and
as much steel work as possible put on
it immediately.

This bridge will take the place of
the one now in use at the mouth of
Three Mile creek. The new bridge will
be a short distance above the old one
and will eliminate the sharp curve and
the short tunnel on the east side of the
river. It is a much needed improve-
ment and will be heavy enough to
meet the requirements of the heavy
trains to be handled on the Big Sandy
division. It is said to provide for only
one track, which if true is surprising to
those who have been expecting the
C. & O. to double track its line so as to
take care of the enormous business
already in sight in this valley.

The cost of the new bridge is said
to be about \$175,000.
The C. & O. will rebuild or replace
with a heavier structure a bridge at
Elkhorn City, in Pike county. Bids
are to be received soon.

Reception for School People Friday Evening.

Good Program for Affair at Kentucky Normal College Building.

On Friday night of this week a re-
ception and entertainment will be given
at the K. N. C. building in honor of
the teachers and pupils of the country
schools. A large number of them are
expected to be in Louisa Friday and
Saturday in connection with their
work at the fair. The affair will be
held in the large auditorium of the
college building.

An excellent program has been ar-
ranged. Hon. W. J. May, of Prestons-
burg, will deliver a lecture on the sub-
ject, "Man as a Moral Agent, His Op-
portunities and Responsibilities." Mr.
May is one of Floyd county's promi-
nent attorneys and his address will be
well worth hearing.

A musical program of excellence will
be rendered under the direction of Miss
Katherine Frewse.

A march and drill by a large num-
ber of girls will be a very interesting fea-
ture.
The public is invited to attend this
affair and help to make it a success.
There is plenty of room in the college
auditorium to accommodate all who
will go.

A postoffice has been established at
Hilton, Pike county.

KENTUCKY CAMPAIGN OPENS AT SOMERSET.

Enormous Crowd Applauds Speeches
by Gov. McCreary, Beckham
and James.

Somerset, in the Eleventh district,
had the greatest crowd in its history
last Monday, the occasion being the
opening of the campaign in Kentucky
for the election of two United States
Senators and the Congressmen.

Gov. McCreary presided and made
the opening speech. He received a
great ovation. The crowd cheered him
for several minutes and gave him fre-
quent and hearty applause.

Mr. Beckham followed with a fine
speech and made an excellent impres-
sion.

Senator James was the next speaker,
and the crowd gave him a great re-
ception.

The Democrats of Lawrence county,
having given Gov. McCreary a hand-
some majority in the recent primary,
will read with interest what he had to
say in the opening speech. Therefore,
we are publishing a brief selection
from it, sufficient to show the fine
spirit of party loyalty which the Gov-
ernor always presents:

"Ex-Gov. J. C. W. Beckham was regu-
larly nominated for the six-year term
as United States Senator, beginning
the 4th of next March, and the Hon.
Johnson N. Camden was regularly
nominated at the same primary elec-
tion for the short term as United States
Senator, which commences next Novem-
ber and ends the 3d day of March
next.

"It is not necessary for me to speak
at length about either of these able and
distinguished Democrats. Gov. Beck-
ham, including the office of Governor
for about seven years, and he has dis-
charged the duty of every office he has
ever held faithfully and efficiently, and
has always been conspicuous for ability
and patriotism, and for fidelity to
the State and a desire to benefit the
people and advance their best inter-
ests.

"The Hon. Johnson N. Camden is
very conspicuous in agricultural pur-
suits and in stock raising, and is one
of the largest farmers in the State. He
is a faithful Democrat, of thorough
education, and a scholar whose indus-
try and education have made him rank
very high and caused him to be a suc-
cessful and valuable adviser and lead-
er, both as a farmer and as a Demo-
crat.

"The importance of the election now
confronting us cannot be overestimated,
and every honorable and legitimate
means should be used to secure the
election of Democratic candidates. We
must not only elect our senatorial,
congressional and appellate nominees,
but we must secure their election by
such large majorities as will show to
the whole country that Kentucky is a
sure Democratic State, both in State
and presidential elections.

"While war is desolating and devas-
tating other great countries, peace
reigns supreme in our country, and the
good statement, 'Peace on earth, good
will toward men,' cheers and makes
our people happy.

"The campaign opens at a most op-
portune and encouraging time. Demo-
crats have control of both the execu-
tive and the legislative departments of
the Federal Government and of a large
majority of the States. The President
and Congress have made an unparal-
leled record in enacting the best law
and the best currency law ever
placed upon the statute books by the
Congress of the United States, and the
record of pledges made by Democrats,
which have been fulfilled, show un-
paralleled summary of good work done
by our President and our Congress.

"No President has ever pleased the
people more or upheld Democratic
principles better or stood for the United
States Constitution and illustrated
a faithful and patriotic leadership with
greater success than Woodrow Wilson.
Our election in Kentucky next Novem-
ber opens the way and sounds the key-
note for the great presidential election
in 1916, and Democrats all over our
republic should have but one motive
on their lips for President a second term,
and that is Woodrow Wilson, who, I
believe, will be unanimously nominated
and certainly elected.

"Our Democratic candidates came
before the people of Kentucky when
the record of State legislation is pleas-
ing and encouraging, and when nearly
every declaration of the last State
Democratic platform has been enacted
into law."

Gov. McCreary pointed out that
nearly every declaration of the last
Democratic platform in the State had
been enacted into law. In referring to
the State's financial condition he said
there had been a decrease in appropria-
tions and a decrease in expenditures.
He paid a tribute to President
Wilson and the national Democratic
Administration and urged all Demo-
crats to vote for the nominees.

MISS MAY STAFFORD IN BALTIMORE HOSPITAL.

Miss May Stafford while on a trip
east was taken ill and is now in the
John Hopkins hospital at Baltimore,

ORGANIZATION OF OUR FARMERS' In Suits

Necessary For Definite Crops and
Economical Marketing of
Products.

The Big Sandy News recently sug-
gested the necessity of an organization
among our farmers to grow and mar-
ket some specific line or lines of prod-
ucts. It is the only way to attain
any great degree of success.

Right along that line we have since
found an article about one of the old-
est growers' associations in the coun-
try. Read it and see what has been
done by organization and persistence:

The Southern Illinois Growers As-
sociation, at Anna, Ill., is about forty
years old and is one of the most suc-
cessful of all such associations in the
country. A party from Paducah, Ky.,
went to Anna and there found assem-
bled representatives from all through
middle and southern Illinois. They
heard addresses from some of the most
distinguished agricultural experts in
the United States. They saw the farm-
ers who had in cultivation two hun-
dred acres of rhubarb, over a hun-
dred acres of asparagus
tracts, farmers whose as-
paragus from garden products ran
from \$10,000.00 per year. They saw
owners of orchards whose income from
over \$50,000.00 per year. They saw
farmers who had been successful in
scientific cultivation of various
crops, and they saw the results of
scientific farming.

TREATMENT OF CATTLE FOR "PINK EYE."

The Experiment Station has been re-
peatedly called upon to answer in-
quiries concerning an outbreak of con-
tagious ophthalmia which is at present
prevalent over the entire State of
Kentucky. This condition is sometimes
known as "pink eye," and attacks in
rapid succession a large portion of the
herd. It is distinctly a contagious dis-
ease, and is usually spread by the pur-
chase of infected stock, or by contact
with infected animals. It is already
in the hands of the State Veterinarian,
and the Experiment Station is usually
called upon to give advice as to the
best method of treatment. The experi-
ment station has found that the best
method of treatment is to use a solu-
tion of boracic acid, and to keep the
eyes of the animals clean and free
from all foreign matter. The experi-
ment station has also found that the
best method of preventing the disease
is to keep the animals clean and free
from all foreign matter, and to avoid
contact with infected animals.

Another Growers' Association.

At Bowling Green, Ky., there is a
strawberry growers' association only
a few years old. It is a big success.
An average crop brings from \$125,000
to \$150,000. The growers sell through
their own agency and grow enough to
enable them to go into the largest
markets. More than 100 car loads go
out of there each year.

The same thing may be done in
Lawrence county with strawberries, or
other crops. Half of our hills should
be covered with orchards and the pro-
duce sold through an organization im-
mediately removed maintained by the growers themselves, given a luxuriant diet
Organization is necessary to the farmer with fresh drinking
water as much or more than to any of
the other classes of industry.

We have a good many apples in
Lawrence county now, but the ben-
efit is lost because we have not sufficient
quantities to attract large buyers. The
experiment station has found that the
best method of preventing the disease
is to keep the animals clean and free
from all foreign matter, and to avoid
contact with infected animals.

THE NEW RAILROAD THROUGH BREAKS OF BIG SANDY.

A prominent railroad official told the
NEWS a few days ago that the com-
pletion of the C. C. & O. will not re-
sult in any very great increase in the
passenger traffic and service on the
Big Sandy division for quite a while.
The new line is not adapted to fast
passenger service and that it will take
time to build up the line and the busi-
ness.

The report that service will start
within the next few weeks is regarded
as improbable.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., Sept. 23.—A sad and unfortunate occurrence took place near East Jenkins, in this county, Thursday of last week. While the three small children of merchant John F. Justice were driving a wagon along a high embankment the vehicle overturned, rolling over a thirty-foot embankment. Little 5-year-old Irene Justice was so badly injured that she died Friday. One of the other little children is said to have been badly hurt. The affair is deeply deplored. The remains of little Irene were taken to Pikeville, their former home, for interment.

The flag raising and dedication down at Blackey, the new town in this county, Sunday was largely attended and an interesting program was carried out. There was marching, speech making, a picnic and other things to entertain the big crowd. Several hundred people came on an excursion from Hazard. About 100 students of the Stuart Robinson College, the new mission school, joined in the march. A mammoth American flag was presented to the college by the Junior Order American Mechanics. The flag was hoisted upon the college building.

The coal business in the Jenkins-McRoberts-Fleming fields of this county is rapidly picking up, the past week's shipments being the largest in the history of the operations. Every available hand is being put into the mines and increases will be made from time to time. Shipments are now rapidly going out from the new plants at Raymond and Hemphill, on Boone's Fork. The coal market was never better.

U. S. Marshal John M. Riddle and others left here for Jackson with four colored men who were taken there for trial in the U. S. Court on charges of peddling and bootlegging moonshine whiskey in Fleming and Jenkins, this county. A large number of witnesses accompanied them.

The funeral of the late Uncle Miles Webb, member of the old Webb family of this county, was preached Saturday and Sunday at Bottom Fork by the Elder Mosely and others of Floyd county. One of the largest crowds ever seen at a funeral meeting in that section was in attendance.

AUXIER.

Anna Preston visited home folks Sunday.

Will Powers has returned home from Berea, where he has been to accompany his son, Graham, to school.

Several from this place attended the basket meeting at John's Creek last Sunday.

Rev. and Mrs. J. T. Moore have moved to Wayland.

Anna Mayo, of Beaver Creek, is visiting her sister, Mrs. C. H. Patrick.

Miss Ora Hopson entertained at her home Saturday night. Misses Anna and Nettle Hutton, of Helechawa, Ky. Also Misses Mary and Ann Preston, Ona and Hazel Ford. After many games of Rook, refreshments were served. All report a pleasant time.

Miss Lizzie Young has been visiting relatives at Mosey Bottom.

George Harris and Walker Clark left Monday for Berea to go to school.

Henry Logan and Clyde Coyer attended church at John's Creek Saturday night.

Immature resignation of Gen. Carranza is the only basis upon which Gen. Villa will put down his arms, according to the statement given out by the Mexican leader yesterday.

Announcement was made yesterday that the Association for Improving the Condition of the Poor had received \$200,000 from the Rockefeller Foundation to pension dependent widows.

TUESDAY.

According to the official report issued from Paris on the progress of the battle along the Aisne in Northern France, there was little change in the situation of the right and left wings of the allied armies. In the center the Allies made "some slight progress" on the heights of the Meuse. In the Woerthe region a thick fog caused a suspension of hostilities.

A wireless official message from Berlin declares "reports concerning victorious advances of the enemy are untrue." It declares the reported fall of Przemyśl is an invention. The report states that the Austrian Government alleges Russian troops are using dum-dum bullets.

Petrograd reports officially that the Austrian stronghold of Przemyśl, in Galicia, is completely invested by the Russians, and that the main Austrian army is retiring behind the Carpathians into Hungary, pursued by the Russians.

The Montenegrins, who have allied themselves with the Serbians in the conflict with Austria, are making advances, according to advices. A dispatch from Cetinje, Montenegro, says the Montenegrins are within artillery range of Sarajevo, capital of Bosnia.

The Austrian forts at Cattaro, Dalmatia, on September 19 sunk a large French warship.

Rebellion has sprung up in the House against the attempted passage at this time of the Ship Purchase Bill, and conferences were held with the President concerning the expediency of pushing the measure.

From many sides pressure is being brought on Carranza to resign in favor of Fernando Iglesias Calderon as first chief. Gen. Villa has made a demand to that effect, to which he has not yet received a reply.

The Illinois Central railroad for the fiscal year ended June 30, 1914, shows an increase in net income of \$1,553,711.56 over 1913.

ULYSSES.

Mr. and Mrs. Earl Jacoby, of Majestic, Ky., are here visiting Mrs. Jacoby's relatives. Since their arrival here their 9-month-old baby which has not had good health for some time has become seriously ill. It is being treated by Dr. T. H. Bailey, of Tom's Creek, and is thought to be somewhat improved.

Mrs. Lizzie Miller, whose health has been bad for quite a while, still continues to have convulsions of a very severe form. The best medical aid available has been secured for her, but without much success.

Mrs. Emaline Peck, who has had a severe attack of rheumatism, is able to be out again.

The recent births are: to Pat Church and wife, a girl; to Charley Pack and wife, a girl; and to Monroe Young and wife, a boy.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man."

Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves that the merit of Theodor's Black-Draught is not a mere boast. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c.

NERVOUS DYSPEPSIA. GAS OR INDIGESTION.

"Pape's Diapiesin" settles sour, upset stomach in five minutes.

Time! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't sit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, no fullness or heavy feeling in the stomach, no nausea, no debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach was working there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

PRES. WILSON ENDORSES BECKHAM AND CAMDEN.

President Woodrow Wilson considered the Maine election so important in its relation to National politics that at his personal request, Senator Ohio made a number of speeches in that State. Congressman Berkeley, of Kentucky, was also on the stump in Maine and a number of other powerful friends of the administration lent their efforts to promoting the Democratic cause. The success of the Democratic ticket in Maine was most gratifying to President Wilson, as it was to Democrats everywhere. There is an old saying, "That as Maine goes, so goes the Union," and it is certain as any thing can be in politics, that as Maine has gone this year, so will the whole Union go this year, overwhelmingly Democratic.

President Wilson is as much interested in the election of two Democratic Senators in Kentucky this year as he was in the Maine election. At the meeting of the Democratic State Central and Executive Committees at Louisville recently, a telegram was received by Senator James from President Wilson urging the election of Beckham and Camden to the Senate. It is absolutely necessary that the Democratic vote in the Senate be strengthened and that the work of the administration be upheld. The loss of a Democratic Senator at this time would be disastrous to the Democratic party, and realizing the gravity of the national situation the President is taking a personal interest in the Kentucky campaign this fall.

He has said to his friends that he would be glad to make a speech in Kentucky for the ticket, but on account of the international complications, he has decided not to make any public addresses at this time. A little later, however, he will issue several statements, setting forth the work done by the Democratic administration and appealing to the people of the whole country, to support him and his party in the patriotic work they are performing.

Governor Beckham and Senator Camden, stand shoulder to shoulder with the President on all public questions. Senator James, has done a giant's work in fighting the President's battles in the Senate and has had excellent support from Senator Camden. When Senator Camden's term expires, Governor Beckham will be ready to cooperate with the President in solving these great problems that now confront the party and the nation.

Every Democrat in Kentucky should go to the polls in November and cast his vote for Governor Beckham and Senator Camden and thus endorse that great statesman and patriot, Woodrow Wilson.

NO WAGE CUT ON THE NORFOLK & WESTERN.

Charleston, W. Va., Sept. 22. Coal operators along the Norfolk & Western Railway and the employees along that railroad are denouncing the story, recently circulated, that in that field there had been a cut of wages amounting to ten cents a car, or nearly 35 per cent.

When this information was given out at the Huntington headquarters of the United Mine Workers the operators along the Norfolk & Western Railway were surprised. None of them had heard of any such cut. An investigation was begun. Inquiries were made throughout the Pocahontas field and an operation was discovered where there had been a reduction.

L. E. Tierney, of Pocatitan, W. Va., chairman of the executive committee of the Pocahontas Coal Operators' Association, reports that the shipments out of the Pocahontas field are more than a million tons ahead of the shipments for the first eight months of 1913. This is confirmed by the monthly statements of T. D. Hubart, the coal agent for the Norfolk & Western.

As a matter of fact, there has been no reduction of wages. There is no discontent among the miners in the smokeless fields of West Virginia.

PARDONED BY GOVERNOR.

Henry Howard, of Frankfort, after five years of industry and upright living on parole, was given a pardon by Gov. McCreary. Howard was sent up for life from Elliott county for killing Lee Tolliver in 1902. He was paroled in 1908. The evidence against him was circumstantial and new facts in Howard's favor developed after the trial. The Circuit Judge and Commonwealth Attorney of that district joined in the petition for executive clemency. Howard is married and by his industry has acquired a home since his parole. He is employed by Guy Harrell.

The great Kentucky trotting races will hold the attention of horse lovers and spectators from October 3rd to 10th.

Latest report from the big war at the German lines are weakened and retreat has started. The greatest battle of the war and probably of all history has been raging for twenty days.

The Philadelphia Public Ledger, the influential Republican paper in Philadelphia, repudiates the candidacy of Boies Penrose for re-election to the Senate, and has declared in favor of the election of Hon. A. Mitchell Palmer, the Democratic nominee.

Congress has decided to appropriate twenty millions for rivers and harbors. The entire sum is to be placed at the disposal of the army engineers to use where they think most necessary. Work already under way will probably cost all the money, as there is not more than enough to meet the demands in that direction.

Announcement that a delegation of German colonists from China is on the way to this country to make representations to the Government concerning Japan's intentions in joining in the war serves to call attention anew to the peculiar position in which our nation finds itself. Our favor is courted on all sides.—New York Press.

The Democrats of the Tenth district should arouse themselves to the opportunity they now have to elect a Congressman. Hon. F. T. Hatcher would serve the district most satisfactorily. He is an administration man and could get what the people of the district want. Mr. Langley is what out of date now. He does not stand very high with the Democratic administration at Washington.

Congressman W. J. Fields is sticking right to the job at Washington, as he should do, and must depend upon the Democrats to go to the polls and re-elect him. There are a number of important matters on hand at Washington and Mr. Fields considers it his imperative duty to stay there and do his part. This is the right spirit and the Democrats at home will not overlook it.

Two People's President.

A stop in liberating the business of the United States was taken in the passage of the Clayton anti-trust bill. Woodrow Wilson is a blatherer. He is no vain boaster. With his vision and splendid tact he is leading this country into straight paths, along safe niches and into liberated business and emancipated industry. He is a people's President. —Oregon Daily Journal (Ind.).

Stays Where Needed.

Everywhere we observe a hearty appreciation of the wisdom and sense of duty in the President who leaves to others the task of justifying his administration to the people, and confines himself to his official duties. To a man who speaks as effectively as he does the platform presents great temptations, but the country likes Mr. Wilson all the better for resisting the temptations and staying where he is most needed.—Philadelphia Record.

Mason and Bourbon counties are on the dry list for the first time in their history. All saloons must close within sixty days. Maysville has long been a strong whiskey center. Her list of dejected and ruined young men is said to be the largest of any city in the State. She has paid an awful price in wrecked manhood for the privilege of being a liquor stronghold.

The Record Counts.

"The record," President Wilson says in his letter declining to take part in the campaign, "speaks for itself." It does. In comparison with what the record says, the promises of politicians, and their explanations, are all empty words. The record is what counts. Yet that is a fact which politicians never will comprehend. They go on, making promises and breaking them, in the same old way. And they expect to be able to smooth over their deficiencies with smooth words, and get away with it. But the people are "on" more and more. The record is what counts.—Kansas City Star (Hull Moose).

BETTER ROAD BUILDING.

It is encouraging to those who want to see better roads in Kentucky to note that the number of applicants taking the examination at Frankfort for the position of county road engineer is larger than ever before.

Fifty of those who underwent the examination, it is stated, had previously taken a course in scientific road building at the State University. There are indications of a growing interest all over the State in the construction of better roads. Good engineering is now generally recognized as essential to good road building.

Many of the roads in Kentucky are poorly located. Much of the work that is done in the way of road repair is not efficient. The engineer who gives good service to his county will more than earn his salary, and the county will save money by employing him. With the services of an engineer available at all times, the highways can receive systematic attention, and that, above all things, is what they need. In the opening of new roads and the repairing and relocation of old ones it is important that the county should have the advice and co-operation of a competent engineer.

The counties also should avail themselves of the assistance which can be freely had from the State Road Roads Department at Frankfort. In cases where extensive improvements are to be made, bridges built, contracts to be let, or problems of various kinds to be solved, the department should be consulted and its aid invoked. Increase in knowledge of road construction should bring better roads and should cause less money to be wasted in future on inefficient work.—Courier-Journal.

INDEMNITIES OF RECENT WARS.

When Erasmus described war as "the madness of princes" he was not so accurate as would at first appear. It may be the Princes who are ill, but it is the people who suffer the consequences and foot the bill. The cost of the present war has been estimated at many times, but when it is over the losers will face a further stupendous outlay in the indemnities of money and land which will be exacted from them.

At the end of the Franco-Prussian war, in 1871, Bismarck demanded an indemnity which staggered the world. Nothing of the sort had been dreamed of before. Not only did France lose Alsace and Lorraine, two of her best provinces, but she had to pay in cash the stupendous sum of 5,000,000,000 francs, or \$1,000,000,000. This vast sum of money was obtained only by the loyalty of the French people, who in thousands of cases gave up their jewelry and silverware to help make up the amount. The lost territory and hardships caused by the huge levy have never been forgotten, and the defeat of the Kaiser will mean that France will ask for a return of both. Should she ask for interest on the \$1,000,000,000 for 44 years it would make an almost impossible sum.

The exacting of a tribute in money or land, or both, from a defeated enemy is as old as war itself, and there are a number of interesting examples in recent times. When the American colonies achieved their independence they won the ownership of their own territory as the result of military success. The biggest indemnity ever obtained by the United States, however, was that following the war with Mexico, in 1847. The decisive victory won by the United States resulted in Mexico giving up all claims to territory north of the Rio Grande.

No cash indemnity was obtained from Spain after the Spanish-American War, but besides the freedom of Cuba this country obtained Porto Rico and Guam outright and the right to buy the Philippine Islands for \$20,000,000.

"UNCLE HUGH" BOYD.

On Sept. 19th "Uncle Hugh" Boyd, a pioneer resident of Lawrence county, died at his home on Nuts Creek just a few miles east of Graves Shoals, at the ripe old age of 88 years. "Uncle Hugh" was loved by all who knew him. Not an enemy had he anywhere. His wife preceded him to the great beyond eight years ago. He leaves six sons—Cass, of Whitehouse; George, of Hurlietta; Roubin, Allen and Henry, of Graves Shoals; and Alford, of Standard, W. Va. Also one daughter, Mrs. Mahulda Murray, of Huntington, W. Va.

The funeral was very simple, he having made complete arrangements for same in detail before his death. The services consisted in song and prayer and Scripture reading by the Rev. Roscoe Murray, of Huntington, who is a grandson of the deceased. Then the Revs. A. R. Fairchild, of Inez, and Dr. J. R. Preston, of Graves Shoals, delivered short but very impressive sermons. All this being the request of the deceased. The text, Rev. 22-14, had also been selected by him prior to his death.

"Uncle Hugh" is gone, but long will the memory of him live in the hearts and minds of those who knew him. He had been a faithful follower of the Lord for fifty-nine years, being a charter member of the Bethel Baptist Church at Chestnut, Ky., of which church he was a member when he died.

H. C. Sullivan was in Elliott county the first of the week in the interest of his candidacy.

DR. WROTEN SENDS UP AN INTERESTING LETTER.

I am sighing for my summer clothes. For a week past the mercury has been up and about, steadily rising, until today it is nearly 90, and the air filled with moisture.

At nightfall the Jersey mosquitoes come across the bay in swarms, eager to attack the newcomer. That's me. Besides being numerous they are large. Yesterday I stood in front of one of the big public schools of this city at the noon hour and interestingly watched the children pour out of the building. I took pains to find out how many there were. I knew there were very many, but was astonished when I learned that there were over 5000. Just think of it—more than five thousand. In fact, nearly six thousand children in one building. It was a beautiful sight. They were from the kindergarten to the eighth grade. They were mostly girls, and nearly every one of these was dressed in white. In the middle of the street stood a big policeman to keep wagons and automobiles out of the way until the last child was out and across the street if its way led in that direction. I said to him, waving my hand toward the chattering crowd, "Officer, that's one crop that never fails," and he was ungracious enough to say, "It does, sir, in Brooklyn—the women prefer dogs." It seemed to me that I saw a big school-house every three or four blocks, yet such is the number of children that 40,000 of them can attend only part of the time.

My mention of wagons and automobiles reminds me of the congested condition of the down-town streets, and it looks to me like it was nearly all down town. Take Broadway and Fifth Avenue, for instance. In spite of the traffic officers blockades during the rush hours are frequent, when for perhaps half an hour or more it is impossible for a vehicle of any sort to move or a pedestrian to cross the street. It is no wonder that accidents occur, the wonder is that more do not happen. Every owner of an automobile has an ambition to see what sort of peace disturber he can provide for his car. The law compels him to have a horn, which is to be used to warn people out of the way of his car, and each owner seeks to outdo the rest in queer sounds. The machine which has had the distinguished honor of toting me about since I came has an electric horn which some how had a familiar ring. I finally figured it out. Take the bark that Ben Thomas' poodle used to emit some twenty years ago, magnify it 500 diameters and you have it.

Before coming to New York this time I entertained a sneaking sort of belief that Charles Becker, the former police captain under sentence of death for complicity in the death of the gambler Rosenthal, might be innocent. This was probably due to my sympathy for his wife and children. I haven't any more. Like a certain Kentucky conspirator in another tragedy, Becker is the king bee in the whole dreadful business. If Governor Glynn does not interfere he is sure of a seat in the electric chair. Since the other four were shocked to death the gangsters of New York have not been quite so busy, and the sudden taking off of the former "cop" captain will have a most salutary effect.

Do you know what a "gangster" is. He is a toad who can be hired to do anything and to "do" anybody. He had his beginning as a loafing truant from school, where he beat the smaller boys with his fists, then took to staying out at night, not forgetting to smoke cigarettes and to cuss. When he got this far the rest was easy. Shut your eyes, and see if one or more embryo gangsters do not pass before your mental vision.

I have been to New York so often that there is not much new for me to see. Besides, I am hardly as spry as I was 25 years ago, so that I am content to take my holiday restfully. In a day or two we go to Philadelphia, the City of Brotherly Love, because, as our friend Prof. Kennison would tell us, Philadelphia is Greek for love and adolph, also Greek, means brothers. This lumps a little Professor, but you know what I am trying to tell.

Philadelphia is quite a settlement, however much these New York claps want to think little of it. It is a beautiful city, and the people don't pitch their voices in as high a key as the Manhattanites use. But really, if somebody should carry off the Liberty Bell, and the city should blow up the grave of Benjamin Franklin and Deborah his wife I don't know what the citizens would have to show to the visitor.

KIT CARSON'S 3-RING

WILD WEST CIRCUS.

A Few Facts About the Peer of All Amusement Enterprises.

On Saturday, October 10, Kit Carson's Big 3-Ring Wild West Circus will exhibit at Louisville afternoon and night. This is the largest amusement enterprise of its character in the world. Solid trains of their own double-length cars are required for the transportation of this colossal attraction. Never before have so many features been combined under one management. The Aeroplane for instance is but one of the strange sights to be seen with this exhibition. Not a model but a Curtiss Farmus Aeroplane furnished by the Chicago Aeroplane Manufacturing Co., and guaranteed to give flights daily. It will circle the city and alight at the show grounds for the public's inspection.

A Menagerie of trained wild animals is also an innovation with a wild west show. Elephants, Camels, Buffalo and on down to the smaller species of big cats and quadrupeds. A two mile street parade glittering with gold and silver, will delight the eye and the exqu岸le music of the three big bands will please the lovers of harmony.

Coming as we do from the largest ranch in the world, we carry nothing but the very best of riders and horses and guarantee to ride any horse or mile free of charge if brought to the show grounds and after a reward if we fail. The Cossacks with the show were selected from the Czar's cavalry in Russia and are without doubt the finest horsemen in the world. Then there are the Rough Riders from the plains of South America, Vaqueros from Old Mexico, champion lady riders

A woman's fancy can roam far and wide among these new fall suits whose becomingness assures their personal popularity with all who are particular.

"Dreams" In Suits

The variety of styles, materials and colors is large, really the largest assortment we have ever shown and in all the lot there is not a commonplace style to be seen.

Another thing—every one of these fresh, distinctive, good-looking suits are from famous makers. Many of them exact models from these style artists: Jenny, Bernard, Bechoff-David, La Borde and Lauvin, so if you are the least concerned in seeing and wearing a suit of delightful fashion visit this section of our store—we are expecting you.

Just a word about the prices, ranging as they do from

\$15.00 to \$65.00

gives us an excellent opportunity of supplying every demand. Our display from \$20.00 to \$35.00 is especially large and attractive and we are very desirous of having you see them.

NATURE'S WARNING.

Louisa People Must Recognize and Heed It.

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment, passages frequent, scanty, painful. It's time to fear serious kidney trouble.

It's time to use Doan's Kidney Pills. Doan's have done great work in Louisa. Mrs. T. V. Heston, Louisa, says: "One of my family suffered terribly from kidney disease. The kidney action was too frequent and caused great annoyance. Finally, I used Doan's Drug Store. They gave prompt relief and continued use brought a cure that has proven permanent. I willingly confirm my former public endorsement of Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Heston recommends. Foster-McMillan Co., Props., Buffalo, N. Y.

MOUNTAIN BOYS WIN IN WESTERN ELECTIONS.

In the August primaries in Arizona, California and Oklahoma, three former Eastall boys showed that a Kentucky mountaineer is a proposition to reckon with when it comes to a scramble for a big juicy plum. Vernon L. Vaughan, former County Clerk of Eastall, was re-nominated for County Recorder at Phoenix, Ariz.; L. A. West, former County Attorney of Eastall, was re-nominated for District Attorney at Santa Ana, Cal., and C. W. Friend, also former County Attorney of Eastall, was nominated for County Attorney at Tempe, Okla. Messrs. Vaughan and Friend are Democrats, and Mr. West is a Republican, and in each case the nomination was won by an overwhelming majority and is equivalent to an election. Congratulations, boys.—Eastall Tribune (Irvine).

TREATMENT OF CATTLE FOR "PINK EYE."

The Experiment Station has been repeatedly called upon to answer inquiries concerning an outbreak of contagious ophthalmia which is at present prevalent over the entire State of Kentucky. This condition is sometimes known as "pink eye," and attacks in rapid succession a large portion of the herd. It is distinctly a contagious disease and may originate by the purchase of a new animal which is already affected, and from that animal it may spread to all the remaining cattle in the herd.

Symptoms. The condition is usually first noticed by a profuse discharge of tears from both eyes, which constantly keeps both sides of the face moist. The eyelids are swollen, painful to pressure, and invariably closed, especially so in intense sunlight. These symptoms are usually accompanied by a slight elevation in temperature, loss of appetite and a diminution in the flow of milk. If the condition is left to go untreated the discharge from the eyes assumes a purulent form, usually accompanied by a slight cloudiness of the cornea.

Treatment. Affected animals should be isolated in a cool, dark portion of the barn and given from one to one and one-half pounds Glauber's salts as a cathartic, and one tablespoonful potassium nitrate added to each six gallons of drinking water. In addition, the eyes should be treated by washing the eyes out twice each day with a four per cent. solution of boric acid, but this may be substituted by a 1 to 100 solution of silver nitrate once a day. In severe cases where the lesions of the cornea are present this latter treatment is to be preferred.

Prevention. Whenever this condition appears in the herd the healthy animals should be immediately removed to a new pasture, given a laxative diet and provided with fresh drinking water.

REV. LEONIDAS ROBINSON.

Rev. Leonidas Robinson, well known in the Kentucky Conference, but who has been serving the Elizabethtown church in the Louisville Conference the past year, has organized a great Men's Sunday Class in his church. It already numbers 80, which is very remarkable for the church and the town. The class is called "Robinson's Men."

John Vest was transacting business in Chillicothe Saturday. Miss Mahel Graves was calling on Estin Blankenship Sunday. School is progressing nicely at this place with Edwin Climer teacher. Several from this place attended the Fall Festival at Chillicothe last week. KENTUCKY GUILD.

Use "Gets-It," Corns Shivel, Vanish!

It's the New Way, and You'll Forget You Ever Had Corns.

"2 drops put on in 2 seconds, corn shrivels, comes clean off!" That's the marvelous story of "GETS-IT," the new-plan corn cure. "GETS-IT" can be simpler for the cure of corns—and it

No Corns to Bump; No Pain, If You Use "GETS-IT."

never fails. That's why millions of people are using "GETS-IT" today and throwing away their fussy plasters, sticky tape, too-caring salves, and "wrapping outfits" that make a bundle around the toe and choke it into pain by pressing either on or around the corn. There is nothing to stick to your stocking, nothing to cause inflammation or rawness, nothing to press on or around the corn. You apply it in 2 seconds. No more knives, razors, scissors or files, with their blood-poison dangers. Try "GETS-IT" for that corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25¢ a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Louisville by LOUISIANA DRUG COMPANY and J. H. REYNOLDS.

SUNSHINE.

MOTHER! THE CHILD IS COSTIVE, BILIOUS.

Look, Mother! If tongue is coated give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste.

When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little ones' liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups related on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

PECK'S BAD BOY.

Apply Sloan's Freely For Lumbago.

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Lumbago on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Lumbago for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica, and like ailments. Your money back if not satisfied, but it does give almost instant relief.

THE VERY BEST SHOW OF ITS KIND ON EARTH.

Kit Carson Buffalo Ranch Big Three-
Ring Wild West Circus Best At-
traction of its Character.

The above attraction, which will ex-
hibit at Louisa on Saturday, October
10th, afternoon and night, is without
doubt the largest and best amusement
enterprise of its kind extant. No ex-
pense has been spared to make it so.
Coming as they do, with their peerless
troupe of ten, of all nations, the pio-
neers of the west, Indians of nearly all
tribes, the daring cowboys, beautiful
cowgirls, Zouaves, Cosacas, Mexicans,
Arabs, cavalry of the United States,
Germany, France and England, they
are well prepared to give us the very
best performance we have ever had
the good fortune to witness. And no
doubt we will in return give them a
packed arena. Excursions are to be
run from all points and we will
have one of the biggest crowds here
that we have ever had. But Louisa
can well take care of them and will
entertain them in her usual style. Two
performances will be given on Satur-
day, October 10th. And don't forget
that date.

Several features of this world fa-
mous attraction are the young ladies
of the western plains in their remark-
able riding and shooting, cavalry of
many nations, including our own boys
in blue, Indians from all tribes, Cos-
acas from Russia, the finest horsemen
in the world, Vaqueros from Mexico,
Cowboys in trick and fancy riding and
many others which we have not space
at present to mention.

The mile long parade will take place
before the performance begins and all
should seek the main thoroughfares
and secure a suitable point from which
to witness this great cavalcade.

Mr. and Mrs. Robert Gaines, of Falls-
burg, came in Thursday to attend the

Weak Women!

Some women are weak because of ills that are common

In Girlhood—Womanhood and Motherhood

The prescription which Dr. R. V. Pierce uses most successfully—in diseases of women—which has stood the test of nearly half a century—is

Dr. Pierce's Favorite Prescription

Take this in liquid or tablet form as a tonic and regulator!

Mrs. Kate D. Richardson, of Beasley, Essex Co., Va., says, "I esteem it a pleasure to testify to the wonderful curative qualities of Dr. Pierce's Favorite Prescription. For some years I suffered greatly with weakness peculiar to my sex. I was treated by several physicians but gradually grew worse. One of my friends told me of the good results of your 'Favorite Prescription.' I went to the drug store and got a bottle, and after taking it with the 'Pleasant Pellets,' I commenced to get better. I never knew what happiness was, for I was always sick and complaining and made others as well as myself unhappy. So you see what a debt I owe you!"

HOW FARM GIRLS CAN MAKE THEIR PIN MONEY.

A lady in Richmond, Va., has made a national reputation putting up and selling "pin-money pickles." She began a few years ago in a very modest way, but now her products are so popular that they can be found nearly everywhere in the United States. Another woman, in Washington, D. C., has built up a business making chowchow, for which she gets \$3 a gallon.

These are only samples of what hundreds of young women have done to earn pin money by putting up canned goods at home. People are continually demanding a better quality of canned goods and are willing to pay a better price for them. The farmer's daughter who desires to earn pin money may avail herself of this demand and with care and perseverance learn to put up canned goods that she may sell at a profit. Those who are interested in such a project may obtain detailed instructions on canning in Farmers' Bulletin 521 of the United States Department of Agriculture, which will be sent free of charge to the applicant.

The bulletin while encouraging the young woman in her efforts to make a business proposition of putting up fruits and vegetables, cautions against over enthusiasm. It advises that the beginner experiment with a few cans before going too heavily into the project. If the first cans keep well, she may be encouraged to proceed. If she meets with a few failures, perhaps she has overlooked some important detail outlined in the department's bulletin. It is only through failures that one gets good experience, and with a little practice and care in following the directions any farmer's daughter should be able to put up a satisfactory can of fruit or vegetables.

When a young woman has succeeded in putting up a product satisfactory for home use, she may well look around for a market outside the home. The girl who starts out with confidence in herself will be more likely to find a good market than one who is diffident.

The girl with experience in canning knows the products with which she has the most success, and should endeavor to sell only those in which she excels. It is always best to specialize and work up a reputation for some particular kind of goods, as did the women already mentioned. One girl may make a feature of catchup, another may find her best product is pickles, while another may put up a specially attractive can of peppers, cauliflower, peaches, apples, or tomatoes.

People of means are most likely to want "home-canned" products, and these are the ones to see. Many housewives living in the cities who leave home for the country during the summer months will gladly give the farmer's daughter an order to can enough tomatoes to last them all winter. It is best to take orders ahead as far as possible.

The young woman who starts out to sell products will, of course, dress neatly and take samples of her products put up in an attractive form. Glass jars will show products much better than tins, but if tins are found to be less expensive, they may be used for all except the show products.

The managers of the best hotels and restaurants in the neighborhood, the stewards of social clubs in the cities, the manager of railroad dining cars, and many retail grocers will be glad to use the products of the girl who does her canning at home. These products are likely to show individual care and to be prepared neatly of good materials, and on the shelves of a retail store are likely to attract attention from the best customers.

If a young woman knows by experience that her products are first class, she need not hesitate to put a good price on them. Home-canned goods, canned by experienced people, are worth more than ordinary goods, and one need not compete with the other. "Fancy goods" are rarely found upon bargain counters. Even if the first samples of home canning are not such as they would be readily sold, they may be used at home and from her experience the farmer's daughter may do better the following season. When she actually succeeds in getting something better than the ordinary she should be able to sell it. She may well ask her friends to recommend her to good trade. The young woman sincerely determined to make a success of canning as a business proposition with perseverance and care in following instructions should be sure of some measure of success. Lexington Leader.

TURKEY CROP IN BLUEGRASS REGION REPORTED LARGE.

The turkey crop of the bluegrass region is reported to be the largest and best for many years on account not only of the dry weather of the early summer, but because the farmers have found turkeys to pay so well that more persons have taken to raising them than ever before. Jesse T. Wade, a produce dealer of Lexington, has been in the county on different occasions during the last few weeks making contracts for his fall supply of turkeys, and says the prospects this year for a bumper crop are better than it has been at any time during the last fourteen years.

The growers upon which turkey raisers depend for the thriving of their flocks in the early fall are reported numerous, and the turkeys are said to have never done better at this season of the year. Lexington consumes about 25,000 turkeys. It is estimated, and about an equal number are shipped from there to points in the North and East.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR.

Make it thick, glossy, wavy, luxuriant and remove all dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanse." Just try this—moisten a cloth with a little Dandeline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Dandeline's hairer from any druggist or toilet counter, and just try it.

ASHLAND PEOPLE SAID TO BE HEIRS TO LARGE FORTUNE.

After coming into possession of her inheritance, Mrs. W. Thumma, of 613 Fourth street, Ashland, will be worth over a million dollars. It was by mere accident that she discovered that she was an heir to a large West Virginia estate, which was once the property of her father, Johnson Brewer. The estate is near Logan, W. Va., and is in several different tracts, says the Portsmouth Times.

Several weeks ago while on a visit to relatives at Louisa, Ky., Mrs. Thumma learned that she had relatives in Logan, W. Va. An old resident of Louisa told her that her people in Logan were anxious to see her, and that they had something to impart to her that was very important. Mrs. Thumma left at once for Logan, not suspecting the news that she was a wealthy heir. Judge Wilkinson, of Logan, is a cousin, but she did not know it until she went to Logan and began inquiring for certain parties. The Brewers are well known in that part of the country. It was through her relatives there that she was informed of the gladsome news which was hardly creditable, at first. She thought it too good to be true. Mrs. Thumma was taken to the old farm, where on the hillside she found the graves of her brother and sister, the bodies placed there by her mother. The lands are all underlaid with valuable veins of coal, and oil wells are found in several places. The valuable timber on the land would make one rich without the other two products. Lawyer J. B. Ellison was given the case to look up. After two weeks of digging into old records, he found five different tracts of land owned by Johnson Brewer, located as follows: 24 acres west of Pigeon Creek, 3 acres at head of Pounding Mill Branch, 43 acres west of Island Creek; 15 acres west of Island Creek; 500 acres owned by Brewer and Lawson, situated west of Minnowbone; 4500 acres owned by Brewer and Lawson, situated between Pigeon and Sandy Creeks.

The land was homesteaded and taken over by Johnson Brewer before the state was divided. Since the dividing of the state, the majority of the real estate is in West Virginia. During the Civil War a small band of soldiers burned the Brewer home, and Mr. Brewer was forced to flee from his land to Ohio. He settled then in Gallipolis, where he died when Mrs. Thumma was only 14 years old. The mother died shortly after. The eight children left on their own resources, did not know anything of the land in the mountains.

Besides Mrs. Thumma there are seven other heirs. Mrs. T. W. Ward, of Ashland, Ky.; J. C. Brewer, Michican, Capt. James Brewer, Ashland, Ky.; W. A. Brewer, Ironton, and J. J. Brewer, Green Bottom, W. Va. It is feared that the last named will not share in the money as he lives in the state. The property can be claimed by the right of being honor heirs who live out of the state. Attorney Ellison has engaged two other men to work with him and they are sure they can clear the case up in a short time. The few people who knew little of the owners of the land, thought it had been sold for taxes.—Ashland Independent.

THE PRESIDENT'S TRIUMPH.

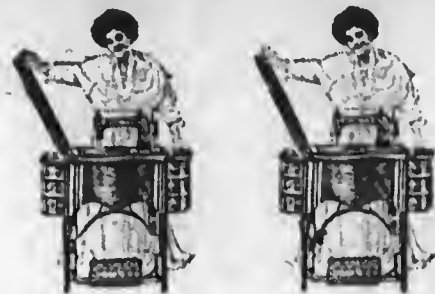

Any policy is entitled to be judged by its results; and by that test the President's Mexican policy is splendidly vindicated. A recent war item records that one Victoriano Huerta is rumored in London, presumably awaiting a chance to get into Spain. Little noticed amid blither distractions, the Constitutionalists took peaceful possession of the Mexican capital. The future, perhaps, is anybody's guess; but Huerta is out, and a government that has some show to restore settled conditions is in, and only a few American lives have been lost. The President and the Secretary of State were rather lonesome in adhering to the policy that has issued in this bloodless fashion; but when they look across at Europe they are entitled to deep satisfaction.

This country is horrified by the European slaughter. Everybody is horrified by war after it begins; yet only a few months ago we heard a great deal about the merits of taking a strong stand with Mexico, asserting our national dignity and the rest of the rigmarole that meant rws of American youths dead or wounded in a trivial cause.—Saturday Evening Post.

Your Misery in Your Mind.

It is the habit of men and of women to envy the present and extol the past. Things were never quite so bad with them before. They never before had such sufficient cause for being ill-tempered, morose and despondent. They never before met with so many and such sore disappointments; they never before were deprived of so many things they wanted, or prevented from doing so many things they desired to. The wife or the husband, as the case may be, was never before so neglectful of their welfare and so indifferent to their happiness and their peace of mind and happiness, and they sulk and pine and brood and grumble.

The fact is, that in regard to the happiness you enjoy or the misery you undergo, the majority of men and women are like the spendthrift, who each day squanders every penny he can get, but is going to become saving and commence getting rich at some future time. So with the majority of men and women, in relation to their emotions. They have so much to worry, vex and torment them today that they will be just as miserable as they can, but are fully resolved to be happy at some future time. With their experience does not lend them to reflect that, on the average, one day is much like another, and that if they are ever to be happy, they had best be happy today. Neither do they ever seem to discover that misery or contentment is almost entirely a matter of temperament as you might say, of opinion. The discontented and repining always assign this or that as the cause of their discomfort, or the lack of this thing or that thing as the source of their tribulation and wretchedness. And the fact that a neighbor possessing those very things seems even more discontented and fearful than they, never seems to suggest to them that their misery is all in their mind.

The man of very limited income can secure meet the expenses of his family and bear their trifling complaints because they are not better dressed, or more expensively housed, and he feels dejected, discouraged, and thinks the addition of a few hundreds to his income would remove all his troubles; and yet, next door, or on the next block is another man with five times his income in precisely his fix and in the same state of mind.

In choosing a vocation, do not ask yourself how you can make the most money or gain the most notoriety, but choose the work that will call out all your powers and develop your mind into the greatest strength and symmetry. Not money, not notoriety, not fame even, but power in what you want. Mindful is greater than wealth, greater than fame. Character is greater than any career. Each faculty must be educated and any deficiency in its training will appear in what you do. The hand must be educated to be graceful, steady and strong. The eye must be educated to be alert, discriminating, and microscopic. The heart must be educated to be tender, sympathetic and true. The memory must be drilled for years in accuracy, retention, and comprehensiveness. The world does not demand that you be a lawyer, minister, doctor, farmer, scientist or mechanic. It does not dictate what you shall do but it does require you undertake. If you are a master in

your line, the world will applaud you and all doors will fly open to you. But it condemns all blotches, abortion and failures.

Can there be a being so vile and odious, so dead to nature's impulse, who in return for constant care and such unvarying kindness, can willingly or heedlessly wound the heart that cherished him, and forsake the lonely one who nursed and sheltered him, who can madly sever the sweetest bonds of human union and bring down the gray hairs of his parents in sorrow to the grave, who can leave them in their old age to solitude and poverty, while he wanders in the pride of undeserved prosperity?

A normal boy is mentally active. He must ask questions. His mind needs food as much as his body. Give him noble books to read. Fill his mind with the great thoughts of the large-minded men of all ages, and you give him an inheritance of more value than money. Teach your boy to read good books by buying them for him. History, science, the best fiction, poetry, essays—a boy need never be lonely when he may have his friends the entertaining and large-hearted men of all nations and of all time.

'Tis said if you improve not today you will grow worse tomorrow.

If you would have a clean hearted boy you must teach him to keep his body clean and vigorous. Give him wholesome food and conveniences for bathing. The body is the temple of the spirit. A boy's clothes may be of the roughest, but if he brushes his teeth and takes a cold plunge of a morning he is a gentleman and he will not find his mouth stained by foul words nor his body capable of evil deeds.

IF HEADACHY, DIZZY, BILIOUS, "CASCARETS"

To-night! Clean your bowels and stop
headache, colds, sour stomach.

Get a 10-cent box now.
You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets; they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet, and your head clear for months. Children love to take Cascarets because they taste good and never sicken or sicken.

DR. KINCAID HONORED.
Dr. J. W. Kincaid, of Catlettsburg, has been honored by being elected president of the Kentucky State Medical Association which met this week in Louisville. The election of Dr. Kincaid was unanimous.
This is the first time that a man from eastern Kentucky has been chosen as the head of the Association which is composed of the leading physicians of the entire state.

The selection of Dr. Kincaid is a tribute to his ability as a physician and his popularity as a man.—Catlettsburg Item, Independent.

SIGHT CURES THE BLIND.

Now let me right you to the fact that I have a treatment that will positively cure Catarh. Following is a testimonial that ought to convince you. Mr. W. D. Fitzpatrick.

Dear Sir:—I had the Catarh six years and used two \$15.00 treatments, but they only relieved me temporarily. I learned of your remedy and I only purchased a small supply and it cured me sound and well. It was in the year of 1908 and at this present writing I stand ready to make oath that if I have the Catarh of the Nasal and Head now I do not know it. Your remedy certainly must destroy every germ.
Yours respectfully,
J. H. KIRK.

Fitzpatrick's Catarh Remedy (Liquid form) 25c, 50c, \$1.00.
Fitzpatrick's Catarh Remedy (Powdered form) 25c, 50c, \$1.00.
Tea Compound, 50c only.

Use Tea Compound when constipated, as Constipation interferes in curing Catarh.

Give us your name and address and we will mail you a free sample of Catarh Remedy, powdered form, for Nasal and Head Catarh. Instant relief for headache. Address all orders to W. D. FITZPATRICK, GLENHAYES, W. VA.

EAST POINT.

T. J. Lykins and Eugene Mullins have begun a series of meetings at the Music school house on Lower Little Point.

Misses Topsy and Meta Hatcher, daughters of Dr. W. L. Hatcher, have gone to St. Louis to attend medical college.

J. C. B. Auxier has returned home from Cincinnati where he has been visiting his wife, who is very ill in a hospital at that place. He reports that Mrs. Auxier is somewhat improved. Dr. and Mrs. Frank Rauey, with their little son, Douglas, have returned from Cincinnati.

Services were held at the Christian Church here Sunday.

Beeler Stapleton, County Clerk of Johnson county, was here last week. Mr. Stapleton is taking steps to abolish the Walcott land claims in the Sandy Valley as well as in Johnson county, and although it means the loss of several thousand dollars in revenue to himself, he has refused to record such claims. Such action is certainly appreciated by the people of Johnson county.

Bob Auxier was at Paintsville Saturday.

FARMS FOR SALE.

OUR PURCHASE OF 7,000 ACRES AT A FORCED SALE.

of rich, rolling land in Scioto county, Ohio, one of the richest counties in the State, has made it possible for you to be a farm owner, at one-half cost per acre of any other like property in West Virginia, Ohio or Kentucky.

HOW OUR LANDS ARE DIVIDED.

For five months we have had engineers dividing up our 7,000 acres of land. Our tract comprising approximately 1,000 acres—a very fine stock farm—and the balance is cut into tracts of as near 40 acres each as possible.

SOME OF THE MANY ADVANTAGES IN THIS NEIGHBORHOOD.

Good Neighbors:—Every farm surrounding the property is highly improved, with good homes and barns, and the owners are kind, courteous, and neighborly.

Good Schools:—No child under the law is required to walk over 1 1/2 miles. If school is farther away the School Board must provide teams to haul the children to school.

Good Churches:—Of different denominations, located not farther than two miles from any part of our property.

Fine Roads:—Well macadamized and on good grades. Fourteen miles from Bloom Switch to the paved streets of Portsmouth, O., over a fine state pike.

Two Railroads:—Baltimore & Ohio Railway and Detroit, Toledo & Iron- trol Railway run through the property.

No farms further than 2 miles from a railway station.

Brick, Coal and Limestone:—Brick-yards, coal and limestone operations adjoining this property offer you employment close home during the idle farm season. Ask about the coal and limestone on this property.

Grasses:—The soil is impregnated with lime and grass takes naturally, especially blue grass.

Commercial Creamery:—You can sell all of your milk to the Oak Hill Creamery every morning provided you deliver it at the railway station, and you will get your check every two weeks.

Fruit Raising:—The Horticultural Department of the Agricultural College of the State of Ohio asserts that Scioto and Lawrence counties are the two best adapted counties in the state for apple raising. Ohio is the home of the Home Beauty Apple.

SOME FACTS ABOUT OUR 1,000 ACRES STOCK FARM.

400 acres cleared with the following improvements.

One house, eight rooms bath, porch, and cellar, water piped into house from spring on hill.

One house, seven rooms, bath, cellar and porch, water piped into house from spring on hill.

One house, cottage, four rooms. All three in good repair, and newly painted.

Five or six log houses in fair repair, can be fixed for very little money for tenants.

One barn 56x114 feet, three stories, will still feed 96 head of cattle, stalls already in place, with holding hay forks, etc.

One barn 36x80 feet. Both of the above have new roofs, on stone foundation, cedar uprights, and are in first-class condition.

One horse barn, 50x52 feet.

One general barn and tool-shed 40 x30.

One celled granary, 40x10.

Well in barn lot, and 500 will pipe water from spring into all the barns.

Whole property well watered with streams and springs.

Macadam pike runs through the property and one mile will put you to either depot on two railroads.

HOW TO GET THERE.

Take D. T. & I. Railway from Iron-ton, O., or Jackson, O. Take B. & O. Railway from Portsmouth, O., or Jackson, O. Buy ticket to Bloom. Fare forty-two to fifty-five cents. Inquire for R. T. Lawson, Resident Manager, Bloom Furnace, one mile from station.

TERMS AND ADVANCES.

\$7.00 to \$25.00 per acre, your terms. You can't duplicate it in any part of the country at our price.

This opportunity is worthy of your consideration. Make your selection early.

Farm lands are getting scarcer each year. Population is getting greater. Farm prices going higher. Better buy NOW.

A CHOICE FARM FOR SALE.

For the next 90 days I will sell my farm, suitable for corn, wheat, oats, hay, tobacco, and in fact anything that will grow in Central Kentucky. A splendid stock farm, watered with a large spring near the residence, good water for all purposes. Fenced so stock can come from all parts of the farm to water. Two residences, two barns, corn crib, wagon shed, buggy house, grainery and wood house; also meat house, stone cellar, and a good hen house. The best fenced farm in this part of Kentucky, with some nice timber, a splendid apple orchard of select fruit. Located on good road 1 1/2 miles from good graded school, with term of nine months a year. Stores, church, shipping point, good neighborhood, good sale for anything that can be raised. For health there is no place that can beat this location.

Own a farm and be independent. Buy direct from owner and save large commission. This farm has 110 acres nice land to work over, not a particle of waste land. For price and full particulars write me. Any correspondence answered cheerfully. (5t-pd-10-16)

J. M. REYNOLDS,
Waynesburg, Ky., R. F. D. No. 3.

FOR SALE, ONE HUNDRED GOOD FARMS IN OHIO.

Good roads, good soil, good markets, good schools, good churches, no negroes, and on and near the new C. & O. railroad that is to be built through here in the next two years. The survey runs over a number of the farms, and prices will go up and double in the next two years. Now if you want to buy and are ready to buy come at once. I have the goods and can suit any man. I have a number of fine stock farms for sale from 150 acres to 300 acres, priced from \$6,000 to \$12,500, well improved and well watered. So many people have fooled me lately; I drove to the station August 25 through the rain to meet a man from West Virginia and he never came. I meet two trains rain or shine. Then come have come as sightseers. I want buyers and men that mean business. The titles to these farms are genuine and there are some of the best investments in land here ever offered. I have been dealing in land for ten years and I should be able to know a deal by this time when I see it. Write me and describe what you want and what you want to pay for it; then when you say meet me, be sure and come for I will be there. I live 7 miles from the station and will meet the train you say you will be on. Always come on No. 15 on the N. & W. Ry. That gives us more time. Agents wanted in Johnson, Pike, Floyd and Martin counties, also in Boyd county. Will pay any man in these counties one-third of the commission on any farm he may send me a buyer for. Always write me three days before you start, so I can meet you.

What is Happening in this Rich Coal Territory of Kentucky.

Body Riddled With Bullets.

Whitesburg, Ky., Sept. 30.—Reliable information received last night from Paint Gap, on the Kentucky-Virginia border, is to the effect that John Bruner, a young farmer of the Colly Creek section, near here, was found dead, his body riddled with bullets, near the roadside. Bruner is said to have left home a few days ago presumably on the hunt of moonshine whiskey and that he is said to have gone to the Virginia side of the mountains to get it. There is a robbery theory going the rounds, as that is the only reasonable theory. He has a wife and two small children at Colly.

Postoffice and Store Burned.

Whitesburg, Ky., Sept. 30.—Telephone information received here from Polly in this county is that J. N. Clay's big country store, together with the postoffice was burned there Monday night entailing a total loss. Clay's loss is \$5,000, besides the government's loss, which is said to be about \$300. Clay carried about \$2,500 insurance on his building and stock. But he is said to have fired the building, causing the loss. He will rebuild.

Election for Voting Road Bonds.

Whitesburg, Ky., Sept. 30.—Sheriff C. H. Back, of this county, is this week posting notices in all sections of the county calling the attention of the voters to the election for voting road bonds in November for the purpose of building roads in Letcher county. There is much interest manifested in each of the nine voting precincts in Letcher county and it is believed the issue will carry largely. There are good roads enthusiasts in all parts of the county talking up the matter.

Corn Crop Unusually Good.

Whitesburg, Ky., Sept. 30.—Farmers here this week from all sections of Letcher county say the corn crop is unusually good this year—much better than was expected. It was thought in the beginning that the drought greatly injured the corn crop.

Junior Order to Build.

Whitesburg, Ky., Sept. 30.—An effort is being made by the Junior Order to build a splendid lodge hall in East Whitesburg, near the new college soon to go up. A large part of the money necessary has already been subscribed.

Hookworm Campaign.

Whitesburg, Ky., Sept. 30.—Dr. I. A. Shirley, of Winchester, is starting his hookworm campaign in this county, having spoken to a large and interested crowd at Blackey, the new town in the southern part of the county, yesterday. Dr. Shirley will speak in every important section of the county. It is said that hookworm exists in a large number of mountain counties.

Gas Still Spouting.

Whitesburg, Ky., Sept. 30.—The natural gas well discovered by Stamper's well drillers on the lot of Kelley Fields days ago, is still spouting an unusually large flow of gas. Mr. Field, the owner of the property, has been offered some large sums for his holding, enough, it is said, to make him rich, but he refuses to accept.

Small Boy Shot.

Whitesburg, Ky., Sept. 30.—Burse Walker, a small boy, of Wellertown, Perry county, shot and seriously injured Carl Messer, another small boy, the weapon used being an old-fashioned shotgun. The Walker boy was arrested and taken to jail. The boys quarreled over a trivial matter.

Perry Circuit Court.

Whitesburg, Ky., Sept. 28.—Judge L. D. Lewis, of Hyden, closed an eight weeks' term of the Perry Circuit Court at Hazard, four weeks of regular term and four weeks of special term, in which hundreds of cases were disposed of, and the docket cleared of congested business. There were a number sent to the penitentiary, while a large number of civil and penal misdemeanors, whiskey and pistol totting cases were disposed of. It was the longest term of the Circuit Court in the history of Perry county.

L. & N. to Build Connection.

Whitesburg, Ky., Sept. 30.—It is said here that the Louisville & Nashville will shortly build a connection of the L. & N. between Haymond, the new industrial city on Potter's Fork, through Potter Gap to Jenkins, a distance of about three miles, thus giving the L. & N. a connection via the Baltimore & Ohio and C. & O. with the markets of the North, West and South Atlantic seacoast cities.

CARTER COURT REVERSED.

Frankfort, Ky., Sept. 30.—Reversal of judgment of the Carter Circuit Court and conviction of manslaughter for killing James Case last April was secured in the Court of Appeals today by Berck and Robert Biggs, brothers, Case, their tenant, was stabbed to death on the road home from Grayson during a fight among them. The Biggs brothers pleaded self-defense. The judgment was reversed for error.

DIED OF PELLAGRA.

Wm. Clegg, aged 47, of Olive Hill, died in a Lexington hospital of pellagra last week. This is the first death from this disease for several weeks.

PIKE COUNTY NEWS

BOWLING APPOINTED STATE MOOSE LEADER.

At the State Convention of the Progressive party held in Louisville last Friday Hon. J. M. Bowling, for many years a practicing attorney at the Pikeville bar, and a leader in Eastern Kentucky politics, was chosen as the State Manager of the Moose campaign in Kentucky, and will have his office and headquarters in Louisville. H. M. Hawkins, Moose candidate for Congress from this district, was also present at the convention, and he and Judge Bowling were among the delegates who went to Indianapolis to hear Col. Roosevelt's address last Saturday. The delegation made a strong effort to secure Col. Roosevelt's promise to speak in Kentucky some time in the month of October, but the Colonel said that during that month his time was completely taken in New York, and if he could possibly make arrangements, he would be glad to pay a brief visit to the state of Kentucky.

The new Moose campaign manager is not without a record. At one time he had complete charge of the Republican campaign work in Pike county, and he was identified with that party for several years. He has also been recognized as a leader in state politics.

RED MEN CONVENTION.

Pike, Floyd and Johnson county members of the Order of Red Men met at Pikeville in annual convention last Saturday. There are a number of Red Men lodges in this county, and all these were well represented. Almost the entire membership of the Heller lodge was present, and State Grand Sachem, Dr. Keller, of Louisville, was present and presided at the convention. An evening session was also held, and a number of interesting speeches were made.

MRS. LANGLEY ENTERTAINS.

Mrs. John W. Langley entertained several friends to a delightful six o'clock dinner at her Riverview home across the river last Saturday evening. Among the number present were Judge and Mrs. R. L. Miller, Mr. and Mrs. Ed Holley and J. F. Prindle. The hostess and guests spent the evening playing hook. The ladies opposed the gentlemen and walked away with the honors in several games.

VARNY FREED.

Anderson Varny, who was arraigned before the Pike Circuit Court last Wednesday on the charge of having murdered his cousin, James May, on Pond Creek last spring, was freed by the jury Thursday morning, the verdict being a complete acquittal. Varny was the only witness to the tragedy.

HUNG JURY.

The trial of Rudolph Kinney held here last week in which he was charged with the murder of his cousin, Cowan Kinney, at Shelbyville, a few weeks ago, resulted in a hung jury last Monday morning. From the evidence it appeared that Rudolph Kinney accidentally shot Cowan Kinney during a fight with a third party. The jury deliberated on the verdict Saturday and Sunday. The prisoner was released on bond.

JURY GETS STRONG INSTRUCTIONS.

The grand jury in session with the Pike Circuit Court was called into court last Monday by Judge J. M. Robertson to receive instructions regarding the probe into charges of vote selling. The Judge stated to the jury that he had well grounded fears that the ends of justice were being hindered by persons tampering with witnesses who were expected to testify in the probe. The jury was instructed to ascertain the names of these tamperers, together with all information in regard to such conduct and to make a special delivery of it to the court, no matter whether Democrat or Republican was concerned. The court severely criticized what he termed an attack upon justice, and said that justice would finally triumph and that the misdeeds should be punished despite the efforts of many to stifle the work of the court in getting to the bottom of the crime of vote selling.

The court also called the attention of the jury to information of bootlegging operations on the eastern border of the county along the West Virginia frontier, as contained in an article published in the Courier-Journal of date Sept. 27, and said that the fact or falsehood of the article should be accurately established by the jury during the course of the present investigation. The article was written from Frankfort, and stated that a letter had been sent from Mr. Fred L. Blue, prohibition officer of West Virginia, at Charleston, and addressed to Judge Robertson of this court, complaining that the illicit sale of liquor was being carried on in Pike county, and stating that some of the county officials here were well advised of the situation, but failed to take steps to prevent it. Judge Robertson stated to the jury that all the liquor in Pike county that he is advised of belongs to Robt. Bunker, of Matewan, W. Va., and was stored at different places along the eastern border of this county just before West Virginia went dry, and that Bunker hopes to sell it across the Tug river to West Virginia patrons as soon as he can obtain a Kentucky license to do so. Sheriff Geo. M. Mullins and County Judge Stallard went to the border several weeks ago specially to investigate West Virginia reports of bootlegging, and after a most exhaustive search they returned to Pikeville having found nothing to justify such a rumor. But to provide against a contingency, the county, under the direction of these two able officers, is maintaining special deputies to keep a constant watch along the shore of the Tug river; and if any bootlegging operations develop in that neighborhood, the authorities here are certain to learn of it.

Judge Robertson stated during his instructions to the jury that he had not received any such letter as the Courier-Journal speaks of from Mr. Blue or anyone else.

CUPID IN PIKE.

A pretty wedding was that of Miss Olla Hinzman, the 17-year-old daughter of C. & O. Superintendent John Hinzman, to S. H. Preston, 23, of Ash-

land, at the home of the bride's parents on Kentucky avenue Monday evening. The wedding was an informal one, and only a few intimate friends were present, including James Renfro. Rev. I. N. Pannin performed the ceremony. Mr. Preston is a C. & O. fireman, and the happy couple will make their home in Pikeville.

Other Couples.

Other couples, as appears from the records in the office of the Clerk of the Pike County Court, are as follows: W. E. Marrs, 23, to Miss Anna Adkins, 19, Yeager, Ky.

Arthur Hostie, 23, to Miss Anna Varny, 15, Summers, Ky.

B. F. Keathley, 26, to Miss Adda Adkins, 22, Pikeville.

Clarence Harris, 23, to Miss Hely Blackburn, 15, Kneecorn Creek.

Anthony Blackburn, 21, to Miss Louisa Coney, 18, Piddrap.

W. H. Justice, 54, to Louise C. Runney, 44, Millard, Ky.

No definite information as to the result of the investigation will be made public until tomorrow, or until a later date when the indictments are returned into court. It is believed, however, that five hundred true bills will be returned upon information already disclosed to the grand jury.

IMPROVEMENTS WORTH WHILE.

What's the matter with Pikeville? asked a chub of Louisville business men here recently. Nothing. The county and city are making their record number of improvements this year, that's all. About February 1st the new public and high school building will be finished, which will be a marvel of architecture, and by the first of the year the Pikeville jail, one of the most perfect and safe prisons in the state, will be ready for use, also the judge's residence, which is a handsome two-story detached structure on the cottage square, and it has been unofficially stated by a prominent county official that many improvements will be added to the court house as soon as the present work is done, which will make it one of the finest public buildings in Eastern Kentucky. To all of these improvements will soon be added a government building, for which Mr. Langley is now making arrangements.

Now sidewalks are being put down and old ones repaired. Many new houses of permanent quality and great value are also being built, and upon every hand it is to be found improvement and, taken as a whole, there could not be a more satisfactory community in which to live than in Pike, the largest county in the state, or a better business location than here.

DIPHTHERIA PATIENTS.

Little Henry Scott, who has been down with diphtheria for several days, is much better, and will recover in a few days. Alden and Ruth, infant children of Mr. and Mrs. L. L. Stone, are also victims of this ailment. They also are doing nicely, and will be well in a few days.

NEW MINE OPERATION.

Reliable information is to the effect that Geo. W. Gray, of Paintsville, who has eastern capital associated with him, will in the immediate future put in a large coal operation near Coal Run station, four miles below Pikeville. Just when the operation will be opened up is not known, but it is safe to say within the next six months. There are many good investment opportunities in Pike county, and foreign capital is not slow to take advantage of them when once they are understood.

UNDERGOING OPERATION.

Mr. and Mrs. F. T. Hatcher are in Louisville this week. Mrs. Hatcher will undergo an operation while there.

REV. DUGGER REMOVED.

Rev. and Mrs. C. A. Dugger and family will leave Pikeville in two weeks for their new home in Manchester, Ky., where Mr. Dugger has accepted the pastorate of the Presbyterian Church of that city.

Mr. Dugger has most creditably supplied the Presbyterian Church at Pikeville during the past year, and his many friends regret to lose him and his estimable family from our city.

His departure from here is a sad parting for those of his friends who have taken an interest in his work should in person extend their wishes for the future welfare of both Mr. Dugger and his family.

LOCAL AND PERSONAL.

Burgess Thompson, who has been employed with the Allegheny Coke Co. at Heller for several weeks, has been spending a part of this week in Pikeville as the guest of his father. He has returned to Heller.

Mr. and Mrs. Tom Calloway, of West Virginia, are the guests of Mr. and Mrs. Tom Williamson, at Pikeville, this week.

Mayor I. M. Williams and his brother, Dr. A. R. Williams, spent Sunday as the guest of their sister, Mrs. J. F. Justice, and family at Jenkins.

Everett Sowards left for a business trip to Cincinnati last Monday morning.

Mrs. Ed. L. Burke returned Monday from a visit of several days to her parents in Huntington.

Geo. W. Potter, former County Superintendent, has been in Pikeville for several days attending court.

John W. Kerr, of Regina, a former citizen of Pikeville, was in Pikeville Tuesday.

Mr. and Mrs. J. C. Snyder and infant son, of Heller, were here stopping at the Big Sandy hotel during the early part of the week. Mr. Snyder is chief mechanic at the mines of the Allegheny Coke Co. above Heller.

G. C. Wine, of Lexington, state organizer of the K. O. T. M., is in Pikeville to spend a few days with the lodge here. Mr. Wine did much to augment the membership of this order during his stay of several weeks in this city last winter.

Wm. Smith, formerly Sheriff of Pike county, but now a promising farmer of Winchester, Ky., has been in Pikeville for several days of this week attending the Circuit Court.

Everett H. Sowards returned last Tuesday evening from a business visit of several days to Cincinnati.

Miss Nellie Bevis has returned from a visit of several weeks to Indiana, where she has been spending a vacation.

C. C. Bowles, T. H. Harman and R. L. Miller are in Ashland this week attending bankruptcy proceedings in which they are interested as attorneys, before Hon. R. O. Becker, referee. They will probably return tomorrow.

Ed Stone, of West Virginia, is visiting his brother, L. L. Stone, on Second street.

H. B. Collinsworth, Catlettsburg (timberman), is transacting business in Pikeville this week.

Roy Cinnaham, land agent for the Kentland Coal Co., is a business caller to Pikeville this week.

The Tuesday Music Club met with Mrs. W. D. Sutton on Tuesday evening of this week.

Frank Yates, insurance and real estate man of Louisa, has spent several days in Pikeville recently.

Geo. J. Walker, a former resident of Pikeville, now living at Putnam, Va., is looking after business in the Pike Circuit Court.

Among those from the Tug side attending Circuit Court here this week are Geo. Dotson and Bud Norman.

CATLETTSBURG AND BOYD COUNTY NEWS.

Mr. L. C. Hazlett, a prosperous farmer of Ellington's Bear Creek, is in town on a short business mission. According to expert judges Mr. Hazlett has the second best farm in the county and one of the largest and best arranged stock farms in Eastern Kentucky. To this he is adding a large silo.

Attorney W. H. Flanery is at Frankfort on legal business.

The city of Catlettsburg will reconstruct the upper end of Louisa street as soon as they can secure the services of the county's steam roller, which is now in Logan, W. Va. One word of advice to our Catlettsburg citizens: This roadway was built only three years ago, and should not have worn out so soon. So you see there is something wrong with the construction somewhere. So before you proceed study the cause and remedy it. Only a few hundred yards away, in the year 1881, was a roadway constructed that lasted for nineteen years without a cent spent for maintenance, which is commensurate probably 50 per cent more traffic than this Louisa road now does.

Mr. John Shortridge, of Normal, was in town on Sunday calling on some friends.

William Hazlett, of Jack's Fork, probably the best horticulturist in the county, was in town Friday disposing of a load of pears. They were fine and showed high cultivation.

Prof. G. J. Rucker is industriously arranging for an educational meeting to be held in the court house on the 30th inst. Quite a number of the most prominent teachers of the state will be present. Much interest is anticipated.

Thomas S. Garland, ex-Mayor and a retired merchant of Huntington, with his wife passed through here today en route to Ashland to call upon Mrs. Garland's aunt, Mrs. William Elm. She is now in her ninety-third year. She is totally blind but her mind is wholly undisturbed. Mrs. Elm enjoys a distinction that no other living lady of America does. In 1841 President Harrison died and his remains were conveyed by land to Pittsburgh and thence by special convey down the Ohio river to Indiana for burial. Mrs. Elm was a passenger from the "Mouth of Sandy" to Aberdeen, O., on the steamer. Although this was 73 years ago Mrs. Elm talks freely about the "dignitaries" on board, and how the steamer was decorated, etc., as though it was but a few weeks ago.

President Harrison was our ninth President and elected by the Whig party, as there was no Republican party at that time. The Progressives say there is none now. This may be true according to their version, but they must admit that they turned the earth with a gang plow while they did have them in harness.

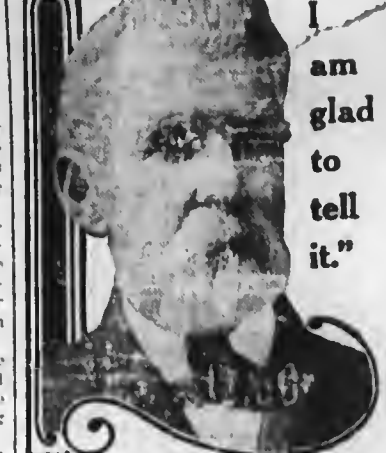

Eastern Kentucky's cattle king, Geo. W. Calvin, has mechanics at work adding another silo to his barn on his farm at Caunsburg. George is not only a great cattle buyer, but is an up-to-date farmer in anything that pertains to stock raising.

Squire John Arthur, of Potomac, was in town on Saturday mingling with his many friends. The Squire is a good roads enthusiast, but he says his section is not getting what they were promised. Other sections are making the same claim.

L. E. Vessile and daughter, with the Misses Jones, were motoring on our streets on Sunday. They drove on to Huntington.

We are sorry to have to record the death of Capt. William Kouns. Capt. Kouns was a retired business man of Ashland. He conducted a livery there for many years, and was captain and principal owner of the ferry Vennoma for several years. By his careful business he amassed quite an estate, and reports have it that his last will and testament remembered in a very substantial way the superannuated preachers fund of the Western Virginia Conference. He was laid to rest in Ashland's beautiful city of the dead on Sunday afternoon.

"Peruna Cured Me"

MR. ROBERT FOWLER, Of Okarche, Oklahoma.

Mr. Robert Fowler, Okarche, Oklahoma, writes:

"To any sufferer of catarrh of the stomach, I am glad to tell my friends and sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy without any results.

"Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured.

"I am now seventy years old, and in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency.

"You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

FLOYD COUNTY'S RECORD FOR WEEK.

News From Prestonsburg and the Surrounding Country.

Martin Leete and Jaudel Taylor left Monday afternoon for Louisville where they will enter dental college.

Gomer Martin stopped over here recently to visit Miss Minnie Friend. He was en route to Chicago where he is attending the University of Agriculture.

Mr. and Mrs. M. D. Powers returned last week from Huntington where they had been spending some time with Mr. Powers' parents.

Edward Matthew, who is the guest of find White, came from Jackson, O., with James Walker on a motor cycle. This is the first time that a trip of this kind has ever been made and the boys had many thrilling experiences. The trip was made on a two cylinder Harley-Davidson.

On last Sunday Mrs. Jane Elliott beautifully entertained quite a few of her friends and relatives at her lovely rural residence on Abbott in honor of her daughter, Mrs. Lou Johnson's birthday. Among the guests were: Miss Lillian Whitman, Pikeville; Misses Ruth Davidson, Josephine Harkins, Messrs. Jack Davis, and Walter and John Hatcher, of Pikeville; Meadames H. H. Fitzpatrick, F. A. Hopkins; Messrs. and Meadames Jo M. Davidson, W. S. Harkins, J. D. Harkins, Dr. and Mrs. G. L. Howard.—Prestonsburg Post.

PLEASANT RIDGE.

Corn cutting and sorghum making is the order of the day.

Several from this place attended the spelling match at Smoky Valley Friday night and report a nice time.

Mrs. Susan Steele and children, of Island Creek, were the guests of M. H. Johns and family Saturday and Sunday.

Frank Bradley and Kny Adams, of Twin Branch, passed through Tuesday.

NOBODY'S DARLIN

SCHOOL TAX IS A STATE TAX.

Holding that a school tax is a State tax, the Court of Appeals has affirmed the Taylor Circuit Court, which issued a writ of mandamus compelling the County Clerk to place the school levy and amount on the State tax bills instead of the county bills.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed for ever. It is not a cure, but a relief, which is nothing but an inflation of the mucous surface.

We will give One Hundred Dollars to any person who can cure a case of Deafness caused by catarrh of the Eustachian Tube, by sending them a card.
